AMBALA, AUGUST 6

The Ambala Health Care and Welfare Society organised a free medical checkup camp at Ambala City on Sunday in which a feam of cardiologists of Fortis Hospital, Mohali, led by Dr GS Kalra examined 525 cardio patients. The chairman of the society, Shakti Rani Sharma, inaugurated the camp.

During the camp, a dentist, an eye surgeon and a gynaecologist also examined a large number of patients. Patients were also provided

medicines free of cost. ECG and blood- testing facilities were also provided in the

Dr Kalra while addressing the patients said heart disease was rapidly increasing in the country and a vast number of people were losing their lives due to it and smoking and tension were the main causes behind it. He said one could prevent this disease by regular morning walk and a balanced diet.

Shakti Rani said the society had already organised 15 camps in Ambala Cantonment, Kalka, Pinjore and the nearby areas. She said poor patients could not avail the services of high-profile hospitals, though doctors of Apollo, Medicity, Fortis and other prominent private hospitals had already offered their services in the camps.

Former minister and the local MLA Venod Sharma also visited the camp. While appreciating the role of the society, he said medical treatment had become so costly that a common man could not afford it. Thus, serving a poor patient is a true service to society.

The secretary of the society, SD Gautam, was also present on the occasion.

'Quality education can check poverty, unemployment'

SUSHIL MANAY TRIBUNE NEWS SERVICE

SIRSA, AUGUST 6

Jan Nayak Chaudhary Devi Lal Vidyapeeth, a group of educational institutions, founded by Ajay Singh Chautala, secretary-general of the INLD, has added another college into the

Jan Nayak Chaudhary Devi Lal (JCD) Memorial College, Sirsa, the new addition, began its first session recently with a function comprising "havan yajna" and an extension lecture.

Yash Pal Goswami, the controller of examination, Kurukshetra University, was chief the occasion.

Goswami said the country had vast population that could fulfil its goal of becoming world power by 2020.

He said against 496 colleges that existed in the country at the time of Independence, there were over

large number of colleges in the country today.

He said the gross enrolment ratio would jump to 20 per cent from the present 11 per cent by 2020 in the country.

He said overpopulation, unemployment, poverty and corruption were some of the

ity education was the only remedy to these problems.

Shamim Sharma, MD, JCD Vidyapeeth, said the management had started the college with a dream to make it number one in all aspects in the coming years. Jai Parkash, principal of Jan Nayak Chaudhary Devi Lal

assured them that quality would always be the motto of the college.

Gurcharan Singh, principal of the JCD College of Engineering, NS Bhal, adviser of the college, and Kuldeep Singh, principal of the JCD Institute of Business Management,
